----- Fold Up Line -----

All craft must be placed only either vertically or horizontally on the grid above.

Note that none of your navy craft may share a grid square in the current game.

Place on your Navy on the grid using the following sizes. and quantity of craft

- |   |                  |                   |   |
|---|------------------|-------------------|---|
| 1 | Aircraft Carrier | of 5 squares long | A |
| 2 | Battleships      | of 4 squares long | B |
| 3 | Frigates         | of 3 squares long | F |
| 4 | Submarines       | of 2 squares long | S |
| 5 | Coastal Craft    | of 1 squares long | C |

In turn select a target eg. A3 and mark the square on your target grid.

If you hit a target of your opponent they identify the type of craft you hit and you get another go.

When you miss it becomes the opponents turn. The first player to destroy their opponents navy is the winner.
